

## CITI Program Training

**Important:** UC Berkeley requires that, prior to working with vertebrate animals, all individuals must receive basic training if they plan to conduct research with animals and/or use animals in teaching. All individuals are required to complete the “Working with the IACUC” module, which details regulatory responsibilities. For additional information, please refer to the ACUC’s [Training and Education](#) policy.

- 1) Go to [www.citiprogram.org](http://www.citiprogram.org). Select “Log In”

- 2) Select “Log In Through my Institution”

- 3) Sign in using your CalNet ID and passphrase

- 4) Complete Registration Steps 2-7 (at minimum, complete questions with asterisks).

## 5) Question 1: Select “Not involved in human subjects research.”

**Question 1**

**Will you be engaged in human subjects research?**

Choose all that apply

Not involved in human subjects research.

*If yes, select the group(s) appropriate to your research activities. Check all that apply.*

Group 1: Biomedical Research Investigators  
 Group 2: Social and Behavioral Research Investigators  
 Group 3: OPHS Staff *(only)*  
 Group 4: CPHS (IRB) Members *(only)*

## 6) Question 2:

Select Group 1: Principal Investigators and all research or lab team members (i.e. All Animal Users).

*Note: ACUC highly recommends completion of the “Species specific” modules and “Other important courses” that pertain to your research. These courses are optional, unless specifically required by the ACUC.*

**Question 2**

**Will you be using vertebrate animals in research or teaching?**

Choose all that apply

Not using animals in research or teaching.

*If yes, select the group(s) appropriate to your research activities. Check all that apply.*

Group 1: Principal Investigators and all research or lab team members (i.e. All Animal Users)  
 Group 2: ACUC Members *(only)*  
 Group 3: ACUC Community Members *(only)*  
 Group 4: OACU Staff *(only)*

**The following species specific modules are highly recommended to supplement basic training. Choose the appropriate electives depending on your work or interests.**

Amphibians in Research Settings  
 Cats in Research Settings  
 Dogs in Research Settings  
 Ferrets in Research Settings  
 Fish in Research Settings  
 Zebrafish (*Danio rerio*) in Research Settings  
 Gerbils in Research Settings  
 Guinea Pigs in Research Settings  
 Hamsters in Research Settings  
 Mice in Research Settings  
 Non-human Primates in Research Settings  
 Rabbits in Research Settings  
 Rats in Research Settings  
 Swine in Research Settings

Select species specific courses that apply

**Other important courses** to take if pertinent to your animal research and/or teaching activities.

Antibody Production in Animals  
 Aseptic Surgery  
 Post Procedure Care of Mice and Rats: Minimizing Pain and Distress  
 Wildlife Research

**Refresher Course - Working with the IACUC**  
 (required every 5 years after initial training)

## 7) Are you supported by NSF, USDA/NFIA or NIH funding?

If yes, see the UCB Instructions for more detail about who must take **Responsible Conduct of Research (RCR) training** (located above Question 1 “View instructions page”). Then, if training is required please select the discipline modules most appropriate to your research activities. Check all that apply.

**Question 3**

**Are you supported by NSF, USDA/NFIA or NIH Funding?**

Choose all that apply

Not supported by any of these funding agencies.

No, but I am a Research Administrator at UC Berkeley *(optional course for staff only)*.

If yes, see the UCB Instructions for more detail about who must take **Responsible Conduct of Research (RCR) training**. Then, if training is required please select the discipline modules most appropriate to your research activities. Check all that apply.
